

SET HONOURS UNIT CODES

FULL-TIME HONOURS

Students enrolling full-time at the beginning of the year must enter the same F/T code twice on their enrolment [e.g. KRA407 (Sem 1, 50%) and KRA407 (Sem 2, 50%)]. Students commencing mid-year enter the F/T code for Semester 2 only. A re-enrolment form (in October) will need to be completed to enrol for Semester 1 of the following year.

Psychology has a slightly different enrolment pattern. Psychology full-time and part-time students enrol in KHA415 (Semester 1) and KHA416 (Semester 2).

Please refer to the Faculty of Health Science (phone 6226 4810) for the codes relevant to Biochemistry, Pathological Sciences and Physiology for the BSc(Hons) and Medical Microbiology and Biochemistry & Physiology for the BBiotech(Hons).

PART-TIME HONOURS

Students enrolling part-time in Honours from the beginning of the year must enter two different P/T codes on their enrolment (e.g. KRA408 (Sem 1, 25% and KRA409 (Sem 2, 25%)). Students commencing mid-year on a P/T basis use the Semester 2 code only. On re-enrolling in October, the student will add both the Sem 1 and Sem 2 P/T codes.

Where Honours is integrated with the undergraduate program (e.g. BAgrSc, BArch, BE and BPsych) students should consult their School Degree Coordinator for information on appropriate purpose and unit codes.

Enrolment codes for Honours in Geography & Environmental Studies and Geomatics will be changing for 2007. For further information, please consult the School of Geography & Environmental Studies (6226 2463).
