

## My Degree Planner

Specialist 3 model A - August 2010

### 73G Bachelor of Surveying & Spatial Sciences

- Consult the UTAS Course and Unit Handbook for the units of your degree – these are presented in Schedules.
- Use this planner to view the structure and units required for your degree. Your introductory level units are shown here, as there are no unit choices to be made at this level.
- Enrol online at the eStudentCentre: [www.studentcentre.utas.edu.au](http://www.studentcentre.utas.edu.au)

#### What are the requirements for my degree?

You need to complete 24 units, consisting of two majors (8 units each), a minor (4 units), 2 degree electives and 2 student electives.

When choosing the student electives, you need to ensure that the total number of units in the degree complies with the ranges below:

**Introductory level:** a minimum of 8 and a maximum of 10 units

**Intermediate level:** a minimum of 6 and a maximum of 10 units

**Advanced level:** a minimum of 6 and a maximum of 10 units

#### What are student electives?

**Student electives** are your choice of available units from any study area across the University, provided you are eligible to enrol in them (i.e. meet any unit pre-requisites). You can take a second minor in another area through your student electives and try out different subject areas - it's your choice.

Find your electives in the UTAS Course and Unit Handbook: [www.utas.edu.au/courses](http://www.utas.edu.au/courses)

	Major 1 GIS and Remote Sensing	Minor Geography & Environmental Studies	Degree Electives	Major 2 Surveying
Sem 1	KGG103 Remote Sensing: Introduction	KGA171 Geography of Global Change	KXT101 Programming and Problem Solving	KMA152 Calculus and Applications 1A
Sem 2	KGG102 GIS: Introduction	KGA172 Space, Place and Nature	KXT102 Programming with Data Structures	KMA154 Calculus and Applications 1B
			<b>Student Electives</b>
